UNITY IN DIVERSITY

*"There is One Individual hidden behind many individuals;
there is One Person shining through all personalities."*

Hazrat Inayat Khan, Vadan

Dear friend on the Sufi path,

Welcome to the Summer School of the International Sufi Movement in the Universel Murad Hassil, Katwijk aan Zee. Hazrat Inayat Khan said, *"The closer one approaches reality, the nearer one comes to unity"*, and our theme this year will be to see beyond the diversity of conflicting individual identities to the unity from which we all spring.

The Summer School will emphasize personal work toward broadening our horizon and strengthening the thread of sympathy that draws souls together. The program will include a wide range of activities, such as sacred readings, breathing practices, musical and element attunements, meditative exercises, the Element Ritual and the singing Zikar. Of course there is always the opportunity to meditate in the sacred stillness of the valley. On 20 July, it will be possible to pay our respects to the graves of the companion-brothers of Hazrat Inayat Khan in the cemetery 'Oud Eik en Duinen', and also to visit the Sufi museum in the Banstraat.

Children are offered a two-day program of their own. We also feature interesting lectures by members of our Sufi community, and there will be a presentation by Summer School participants of a play dramatizing three of the Jataka Tales immortalized by Noorunnisa Inayat Khan. The Summer School will conclude with the Candle of Wish, a ceremony created by Hazrat Inayat Khan that acknowledges the inner longing of each one's heart.

The Summer School is open to members of the Brother-Sisterhood Activity and mureeds of the International Sufi Movement. More details on the program and information about costs and registration are enclosed. Because of a change in circumstances we have to increase our price. As always, the program is subject to change without notice.

Looking forward to seeing you there, and with warmest greetings,
The Organizing Committee

Would you like to take part in the play? This year the artistic evening will feature the performance of 'Travellers' Tales', a dramatic setting of three of the stories contained in Noorunnisa Inayat Khan's book, 'Jataka Tales', written and directed by Nawab Pasnak. Participants who will be attending Summer School July 17-22 and who would like to offer their talents to the production should kindly write to Zebunnisa Voestermans, zebunnisa.v@casema.nl.

*"Love is the song of the heart, expressing an inner longing to reveal itself,
while at the same time being bewildered by the fascination
of the response encountered.*

*Harmony is a situation where impulses of contrary natures fit together
when each party resigns from pre-conceived ideas.*

*Beauty is a mystical power of attraction, inspiring the admirer,
who evaluates inasmuch as the sense of appreciation is awakened."*

Hidayat Inayat-Khan
